3D FORMS
3D OBJECTS

Three-dimensional objects are the solid shapes you see every day, like boxes, balls, coffee cups, and cans.

Prisms, Cylinders, Cones, Spheres
**3D VOCAB**

**Base** the bottom surface of a solid object.  
**Edge** the intersection of two faces on a solid object. This is a line.  
**Face** a flat side of a three-dimensional object.  
**Prism** a solid object with two congruent and parallel faces.  
**Pyramid** a solid object with a polygon for a base and triangles for sides.
PACKAGING

The package in which merchandise is sold or displayed. The form could be anything ranging from bag, box, wrap, bottle, label, tag, etc.
